MEMBER QUICK START GUIDE

Employer Group Plans

Welcome to Health Net!

*This guide is designed to help you **make the most of all that your health plan has to offer** – whether you're:*

- *New to the Health Net family*
 - *New to this type of health coverage*
 - *A renewing member*
-

First the basics:

A wide range of plans

Health Net offers many types of health plans. Most of the information in this handbook applies to all plan types. Refer to your Plan Contract for the exact benefits that come with your health plan. To make things simple, this guide has been split into sections on how to get started using your health coverage.

Quick Guide Sections:

- 1 Find Doctors And Facilities In Your Network
- 2 Set Up Your Online Member Account
- 3 Get Your ID Card
- 4 Learn Where to Get Care
- 5 Understand Your Costs and Benefits
- 6 Fill Your Prescriptions
- 7 Use Our Wellness Programs to Help You Stay Strong
- 8 Know Who to Contact
- 9 Healthcare Terms to Know

1 Find Doctors and Facilities in Your Network

Tip! You can change your PCP at any time. Simply log in to your online account and click on *Find a Provider*. Then select *Change my Primary Care Provider* and follow the directions to select a new PCP.

Northwest health providers

Your Health Net health plan gives you access to a broad network of Oregon providers – doctors, nurses, and specialists. Your provider network depends on the health plan you choose.

It's easy to find out who's in your network:

1. Start by visiting our home page **HealthNetOregon.com**. Scroll down to click on *Find a Provider*.
2. Enter a location (address, city, county or zip code).
3. Select your health plan or network, and then click *Continue*.
4. Choose to search by:
 - Specialty
 - Facility/group name
 - Provider name
 - NPI (National Provider Identifier)

Or, click *Choose a Category* and select the type of provider you need (medical professionals, medical facilities, etc.).

5. You can narrow your search within these categories. You can then further filter the results using the filter options on the left side of the screen which include:
 - Distance
 - Languages spoken
 - Gender
 - Office features

CommunityCare plans

You are required to choose a primary care physician (PCP) if you're enrolled in a CommunityCare plan. Your PCP is who you visit for routine care. They are also the doctor who knows you best when it comes to your health. You should **always contact your PCP first when you have a medical concern.** If you need to see a specialist, your PCP will refer you to one. Note that each member of your family can have a different PCP.

PPO plans

With a Health Net PPO plan, you are not required to choose a PCP, but you can if you'd like. If you do, you'll have a doctor you know when you're sick or need health advice. Note that while you don't have to choose a network doctor, it will save you money compared to seeing a doctor outside the network.

Out of State or Traveling Members Coverage Outside of Oregon

Health Net PPO members with out-of-state coverage as well as members traveling outside of Oregon will have access at the in-network coverage level through the First Health PPO network. First Health has a wide national network and multiple ancillary providers across the country.

You can call First Health at 800-226-5116.

or

Locate First Health Providers here:
providerlocator.firsthealth.com/healthnet

2 Set Up Your Online Member Account

To set up your online account, go to HealthnetOregon.com. Follow the steps to register/create an account. **You will need your member ID number to sign up.** Once your account is set up and your health coverage begins, you can:

1. Access your digital ID card or order a new one
2. Find a doctor, urgent care, hospital or other provider in your network
3. Change your PCP
4. Review your health plan and pharmacy benefits
5. Find programs to help you manage your weight or stop smoking and more

3 Get your Member ID Card

All new members will get a Health Net member ID card in the mail.

Your ID card includes:

1. Your member ID number
2. Starting date of your health coverage
3. Your PCP name and contact info

Show this card to your provider when you get services. If you need services and have not received your ID card by your plan's starting date, please call the Customer Contact Center. They can be reached at 888-802-7001 Monday through Friday, 8:00 a.m. to 5:00 p.m. Pacific time.

Help for the hearing and speech impaired: TTY call 711 Monday through Friday, 8:00 a.m. to 5:00 p.m. Pacific time.

4 Learn Where to Get Care

Your plan offers many ways to get the care you need, when you need it.

Doctor's office

Your main provider – PCP

Having a doctor who knows you is important. For many of our health plans, you choose a PCP when you enroll. For our PPO plans, you have the option to choose a PCP but it's not required.

Behavioral Health Providers

Your Health Net plan also allows for mental health benefits. You can get mental health services that include:

1. Counseling
2. Psychotherapy
3. Treatment for addiction
4. Psychiatric services

You don't need a referral from your primary doctor. And, you can check to see if you can have your sessions by phone or videochat. To locate an in-network Behavioral Health provider go to healthnetoregon.com and click on Find a Provider. Need extra help? Call member services at 800-977-8216.¹

At home

Teladoc Health – Access to video appointments 24/7

Teladoc Health offers an easy option for non-emergency telehealth care when your normal doctor isn't available. Use your smartphone or computer to consult with a U.S. licensed doctor, 24/7. What could be more simple? **How about a \$0 copayment!**

Teladoc Health doctors can diagnose and treat:

1. Cold and flu symptoms
2. Allergies
3. Upper respiratory infections
4. Skin problems and more

Teladoc Health doctors can also send prescriptions to your local pharmacy, in some cases.²

Talk to a doctor anytime, anywhere by phone or video. Visit teladocheath.com or call **800-TELADOC** (835-2362).³

24/7 Nurse Advice Line

Get advice from a registered nurse on whether to seek medical care or how to care for illness and injury at home. You can get answers to self-care for minor injuries and illness like fevers and the flu. You can also get answers for types of medication to use. Our nurses are trained to ask the right questions to help you get the care you need. And they are trained to help you better manage your health.

Call 800-893-5597 (TTY: 711)

In a clinic

Urgent care centers

Get same-day care for non-emergency illnesses or injuries. Some urgent care centers now offer X-rays and lab tests.

To find an urgent care center in your Health Net Oregon network, visit HealthNetOregon.com and select *Find a Provider*.

If you have an emergency, go straight to the nearest emergency room or call 911.

5 Understand Your Costs and Benefits

You can also refer to your **Summary of Benefits and Coverage (SBC)** document. For a copy of your SBC, go to healthnetoregon.com, then under *Our Health Plans*, select *Plan Materials*.

Knowing what your plan covers is important. When you visit a health care provider for covered services, you pay a portion of costs. These are called out-of-pocket costs. Your out-of-pocket costs are different based on which health plan you have.

Find details about your share of out-of-pocket costs in your Plan contract and Evidence of Coverage (EOC). You can learn about your:

- Copayments
- Coinsurance
- Deductibles in your Plan

Estimate costs and compare care options

Our Cost Estimator tool lets you compare ballpark costs to find the best prices. Get estimated average costs for:

- **Hospital stays**
- **Surgeries**
- **X-rays and more**

To use the tool:

1. Log in to your member account at **HealtNetOregon.com**
2. Click *Coverage*
3. Click *Cost and Care Options*
4. Click *Launch Cost Estimator*

6 Fill Your Prescriptions

Your Health Net health plan requires that you get your medications from a pharmacy in your network if you have prescription drug benefits. (In an emergency or when an in-network pharmacy is not available to you, you may get prescriptions filled at an out-of-network pharmacy.)

To find a pharmacy in your area:

1. Go to HealthnetOregon.com to Register or Log In
2. Select *Prescription Coverage*, then *Find a Pharmacy*
3. Select *Pharmacy Search*

When your doctor prescribes you medicine (drugs) there are a few things you need to know.

For more detailed information about prescription drugs, go to Healthnetoregon.com/pharmacy.

Generic drugs

Ask your doctor about generic drugs that may work for you. Generic drugs are proven to be safe and effective. As a rule they tend to cost less than brand-name drugs.

Essential RX Drug List

Health Net's Essential Rx Drug List (or formulary) is a list of covered drugs chosen by Health Net, along with a team of health care providers. These drugs are included because they are thought to be a key part of a quality treatment plan. **Note that the drug list can change as updates are made on a regular basis.**

The Essential RX Drug List can be found at HealthNetOregon.com under the Pharmacy Plan Information section. Please note, **your doctor should get prior approval from Health Net before prescribing some drugs.** And be sure to use **pharmacies in your health plan's Pharmacy Network.**

Order by mail

If you take medicine for a long-term medical condition, you may be able to fill your prescription through our mail order pharmacy program. A 90-day supply is available. Some drugs may not be available through the mail order pharmacy program.

7 Use Our Health and Wellness Programs to Help You Stay Strong

Health Net is focused on giving you the tools you need to live a healthier, more productive life. Our programs can help you to make healthy lifestyle choices for you and your family. To access our Wellness programs, log in to healthnetoregon.com and then click Wellness Center.

RealAge® Program

The RealAge Program is our complete healthy behavior program that targets the four highest lifestyle risks:

- Stress
- Sleep
- Nutrition
- Activity

It's a customized program based on a risk level for each lifestyle grouping. Information is gleaned through RealAge test answers and personal interest. It's combined with other features of the Sharecare platform, such as trackers, to maintain involvement. And it helps to promote behavior change that can help lead to a lower RealAge.

Craving to quit®

This tobacco cessation program:

- Covers most types of tobacco
- Connects you with a quit coach for encouragement and support
- Offers a customized plan to quit

The 21-day program teaches you to become aware of cravings and habits to help you quit smoking, dipping or vaping.

Health Coaching program

Our Health Coaching program offers two options to help you design a healthier lifestyle:

Health Coaching program

(telephonic): You and your Health Coach can discuss one-on-one what inspires you and helps you to channel that energy into healthier living. You can also detail the exact health behaviors that affect your short-term health risks and long-term goals.

Health Coaching program

(digital): This program consists of multiple lessons linked to:

- Stress
- Smoking cessation
- Exercise
- Weight
- Care gaps and more

Teladoc Health Mental Health (Digital Program)

Teladoc Health Mental Health Digital is an online program offering tools and support for stress, depression, sleep, and more—all customized to meet individual needs.

The program provides a personalized plan with suggested activities and content. Users can access resources tailored to their requirements, including tools to help them calm down, change their thinking, get inspired, and feel more hopeful. Teladoc Health Mental Health Digital can be accessed by visiting Teladochealth.com/peace.

Active&Fit Direct™ program

The Active&Fit Direct⁴ program lets you join more than 12,200+ fitness centers and studios with no long-term contracts. Plus, you can access 9,300+ guided workout videos in the comfort of your home. Get the freedom you need in a fitness routine! All for just \$28/month (plus a one-time \$28 sign-up fee and taxes).

Eat Right Now program

The Eat Right Now program is a new 28-day program with the goal of changing your thought process to create new eating habits. Doing this can help lead to weight loss. And it can help you to maintain your ideal weight, with less stress and effort.

9 Healthcare Terms to Know

Sometimes it seems like health coverage comes with its own language! Use our glossary as you read this guide and consider your choices.

Glossary

Benefits (also called Covered Services)

The healthcare items or services that are covered.

Insurance

Your share of the costs of a covered health care service. It's calculated as a percentage (for instance, 20%) of the allowed amount for the service. Let's say your copay is 20% and the medical bill is \$100. You would pay \$20 and the health plan would pay the rest.

CommunityCare

A type of health plan offered by Health Net in Oregon. You choose a Primary Care Physician (PCP) in

the CommunityCare Network. Your PCP manages your care and refers you to in-network specialists when needed. You remain in the network for all covered services.

Copayment (also called Copay)

A fixed amount you pay for the services you use. For instance, in a doctor visit that might cost \$150, you could pay a \$15 copayment and the health plan pays the rest.

Cost-sharing

The share of costs covered by your health plan that you pay out of your own pocket. This term usually includes:

- Deductibles
- Coinsurance
- Copayments
- Other similar charges

Deductible

The amount you owe for covered health care services before your health plan begins to pay for those services. For instance, if your deductible is \$1,000, you have to pay a total of \$1,000 before the health plan starts paying. Your deductible **may not apply to all services**.

Dependents

Spouses, children or domestic partners of the main subscriber or policyholder.

Excluded services

Health care services that your health plan doesn't pay for or cover.

Member (Subscriber)

The person who receives benefits under a health plan. The primary member is called the Subscriber.

Network

The doctors, hospitals and other health care providers that your health plan has contracted with to provide health care services.

Out-of-pocket maximum

The amount you will pay for out-of-pocket costs in a calendar year. This includes your:

- Deductible
- Coinsurance
- Copays

Once you meet your out-of-pocket max, your benefits will pay at 100% for the rest of the calendar year.

This limit **does not include your premium**. And it **doesn't include healthcare charges** for services your health plan doesn't cover.

Preferred Provider Organization (PPO)

A type of health plan. With a PPO, you do not have to choose a PCP (but you can if you'd like to). And you do not need referrals from your PCP when you visit specialists. You also have the option of using either in-network or out-of-network providers. Your out-of-pocket costs will most likely be lower when you stay in the network.

Premium

The amount you and/or your employer pay every month for health coverage.

Preventive care

A no-cost yearly physical exam that may include:

- Vaccines
- Screening tests
- Well-baby care
- Gynecological exams and more

Review your plan for details.

Primary care physician (PCP)

A doctor who directly provides or manages a range of health care services for you. A PCP can be a:

- Medical doctor (MD)
- Doctor of osteopathy (DO)
- Physician assistant (PA)
- Nurse practitioner (NP)
- Naturopathic doctor (ND)

Special enrollment period

The time outside of the yearly open enrollment period when you can make a change in coverage. You can do this if you have a qualifying life event such as:

- Marriage or divorce
- Newborn baby
- Loss of coverage from a job and other events

English

No Cost Language Services. You can get an interpreter. You can get documents read to you and some sent to you in your language. For help, call the Customer Contact Center at the number on your ID card or call 1-888-802-7001 (TTY: 711).
